General Purpose Business Travelling University Life

As we are approaching the post-pandemic era, gaining multicultural experience is a critical point in spite of current restrictions and challenges. During the past three years, Institut Teknologi Sepuluh Nopember (ITS) has invited more than 1600 international students from 60 countries to experience cultural exchange through the Fun Bahasa Indonesia and Cultural Course (FBICC). The 2022 FBICC now provides four themes in learning Bahasa Indonesia, including Indonesian language for general purposes, business, traveling, and university life. Pick your theme and join this diverse community!

## Their FBICC Experience

"I am in general purposes class and from the first day I started learning, I realized that this program is for everyone, no matter if they don't have any prior knowledge about the language or if they already have a basic knowledge and would like to continue improving. I loved how organized, practical, and fun the classes were, as well as sharing with people from around the globe. Such a great experience."

Sulymaira Serrano (Student, Panama)

"I am very glad to have taken this language and cultural course because it has deepened my understanding of how great Indonesia as a country, from the culture, the food, the landmarks, the history, and especially the kind people. This program stirred up a desire in me to visit Indonesia and witness its captivating beauty, especially Surabaya. I had a lot of fun learning and meeting new people from across the globe. From the bottom of my heart, terima kasih banyak."

John Terence C. Guarino (Lecturer, Philippines)
